

INSTRUCTIONS

zUIVER^o

1. Please use the paper ruler that comes with the product to help you drill the holes in the wall.

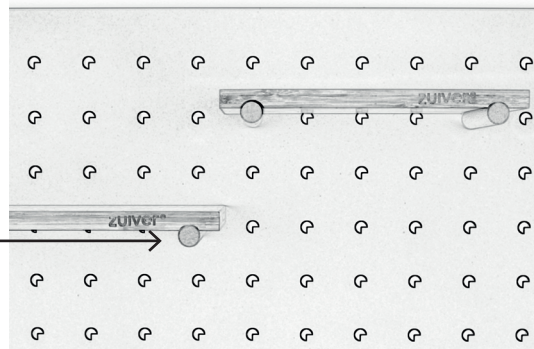

2. Use the plugs and screws to install the pegboard on the wall.

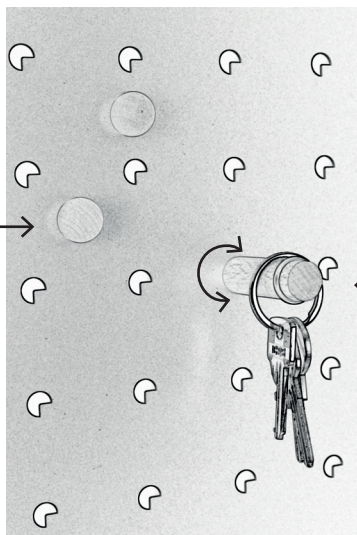

3. You can choose to hang the pegboard horizontally or vertically.

4. Insert the long pegs into the holes and turn 90 degree clock wise till it is firmly attached.

5. Put the bamboo shelves on top of the long pegs. Please do not put heavy items on the shelves. (maximum weight load: 1 kg per shelf).

7. Use the wooden magnets on any position of the metal board to hold paper notes.

6. Insert the short pegs into the holes and turn 90 degree clock wise till it is firmly attached. You can hang keys/clothes on it.
